Education

DAYANANDA SAGAR COLLEGE OF ENGINEERING, BANGALORE   **2021-23**
Master of Computer Application, CGPA: 7.89

ACHARYA INSTITUTE OF GRADUATE STUDIES, BANGALORE   **2018-21**
Bachelor of Computer Application, CGPA: 7.25

Projects

VOLT

Ecommerce Application

- Developed and implemented a high-performance React app using ReactJS and Saas for a shoe store.
- Added Authentication and Routing so that only authorized personnel can go to protected pages.

MOBIRIDE

Rental Application

- Utilized HTML, CSS, and Bootstrap to craft a modern and user-friendly website interface.
- Implementing responsive web layouts to ensure optimal user experiences across various devices and screen sizes.
- Helped create a visually appealing and intuitive design to enhance the user experience.

ATM Simulator System

Bank Management System

- Implemented functionalities like opening Banking Account, Deposit, Withdrawal, MiniStatement, Pin Change etc.
- Developed a bank management system using Core Java(Swing & AWT), MySQL.
- Improved user experience by enabling efficient retrieval of transaction details based on various parameters, enhancing overall system functionality and usability.

Internships

Java FullStack   Palle Technologies   **07/2023 - Current**

- Developed a strong foundation in database management, Core Java, and SpringBoot, specializing in the formulation of intricate SQL queries to extract meaningful insights from large-scale databases.
- Acquired expertise in web development, including advanced skills in HTML, CSS, and JavaScript, complemented by a proficiency in utilizing a range of web development tools.

Devops, Intern   Enhance Knowledgeworks   **04/2023 - 06/2023**

- I worked on a project called Mobirode, a rental car booking software, where I created the front end using HTML, CSS, and JavaScript.
- I've had excellent learning opportunities and strong industry exposure.

Skills

- **Programming languages :** Java
- **Databases :** MySQL | MongoDB
- **Web Development :** HTML | CSS | JavaScript | ReactJS
- **Version Control :** GIT | Github | GitLab | Bit-bucket
- **Development Methodologies:** Agile & Waterfall
- **Testing :** JUnit | Debugging | Unit Testing
- **Data Oriented Skills :** Problem Solving | OOPs | Algorithms | Data Structures

Others

- **The Impact of Artificial Intelligence on Cyber Security**: National Conference on "Recent Trends of Computing Applications"**(07/2023)**
- **Web Development Bootcamp**: taught by Dr. Angela Yu **(05/2023)**
- **Dynamic Skills Integrated Program**: Conducted by **CIL.(03/2023)**
- **Event Organizer**: IT FIESTA organized the Inter-College fest, hosted by TechMindz. **(08/2019)**
